PROFESSIONAL SUMMARY

Seeking an entry-level opportunity in a growth-oriented organization where I can apply my technical knowledge, problem-solving abilities, and project experience while continuously learning new technologies, contributing effectively to organizational goals, and building a strong professional career.

TECHNICAL SKILLS

Programming Languages: Python, C, SQL

Domain Knowledge: Machine Learning

Version Control: Git, GitHub

Development Tool: VS Code

EXPERIENCE

Technical Intern — DENAURLEN Pvt. Ltd. | 07 Dec 2022 – 07 Jun 2023 | [Internship](#)

- Successfully completed the internship program as a Technical Intern, receiving recognition from the company for dedication and effort shown throughout the tenure.
- Assisted the technical team with day-to-day tasks, gaining hands-on exposure to real-world workflows, tools, and professional work practices.
- Coordinated with team members on assigned tasks and supported documentation and reporting activities as required.

PROJECTS

Enhancing Image Security with Advanced Encryption by Integrating RSA and Chaos Algorithms

- Developed a hybrid image-security solution integrating RSA cryptography with chaos-based encryption to strengthen digital image confidentiality.
- Implemented secure image preprocessing, encryption-decryption workflow, and key management using Python.

Identification of Medicinal Plants Through Image Processing and Machine Learning (Mini Project)

- Built a machine-learning-based system to identify medicinal plants from images, using a dataset of 5+ plant classes and 800+ images with preprocessing and augmentation techniques.
- Explored CNN-based classification using pretrained architectures (VGG-16, Inception-V3, ResNet-50) with average ensemble modeling to retrieve medicinal plant information.

EDUCATION

B.Tech in Computer Science and Engineering | Vignan Bharathi Institute of Technology | 2021 – 2025

Intermediate – MPC | Sri Chaitanya Junior College | 2019 – 2021

Secondary Education | Bhashyam High School | 2019
